To Advertisers.—The Vermont Daily Transcript has the largest circulation in St. Albans and in Franklin County, of any daily paper, and on that account, if no other, the best medium for advertising.

Local Items.

Interesting matter, original or selected, may always be found on the first page.

OUR DAILY.—Those wishing to secure copies of our daily paper can do so at Ferrisfield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

DEATH OF MR. BARTON.—Under our pitiful head to-day, appears the death of Mr. Andrew W. Barton, which event occurred at his residence, in this town a little past 5 o'clock this morning. His health had been poor for many years, yet he had been confined to his house only since Tuesday last, and the signs of his sickness and death are conveyed with the same intelligence to the most of our citizens. Mr. Barton formerly resided in Berkshire, Vt., and moved to St. Albans in 1861, since which time he has been an enterprising citizen of this town, being a joint builder and owner with Mr. S. C. Noble, of Union Block.

Franklin County Court.

SEPTEMBER TERM, Oct. 16, 1868.

Hon. Wm. Wilson, Presiding Judge.
 Hon. George Adams and Walter C. Evans, Assistant Judges.

The following respondents having previously been tried and found guilty on the indictments found against them; were severally sentenced to-day as follows:

John Daily, for assault upon John W. Osse, stabbing him with a knife, two years in the State Prison.

Henry Hakey, for theft and burglary, three years in the State Prison.

Merritt Learned, for theft and burglary two years in the State Prison.

Julius LaFontaine, for burning Mr. Jugg's farming implements in the field, 90 days in close confinement in the county Jail.

Edward Ames pleaded guilty to the crime of stealing a yacht from Mr. Robinson, of the Foundry, and was sentenced to close confinement in the county Jail for thirty days.

In the case of the State vs. Lawrence Garvey, tried upon an indictment of manslaughter, resulting in the death of Richard Hurley, the jury failed to agree yesterday, and the respondent was remanded to Jail. The court was further engaged with court cases during the day, and will probably be through with its business to-morrow and adjourned. The jury were discharged yesterday.

NATURALIZATION.—The general rule is that the applicant must have resided in the United States for five years next preceding his admission to citizenship. It is at least one year in the State when application is made. On this he insists, the court by the testimony of two

citizens. He must also show by the certificate of some court having jurisdiction of the matter, that he declared his intention to become a citizen, two years, at least, before application for admission.

There are two exceptions to the general rule. If the applicant was a minor when he arrived in this country, and lived there three years before reaching the age of twenty-one years, he may be admitted after having resided here five years, and become a citizen. Any alien of the age of twenty-one years, who has enlisted in the armies of the United States, either regular or volunteer forces, and been honorably discharged, may be admitted to become a citizen on his petition, without any previous declaration of his intention, and without being required to prove more than one year's residence in the United States previous to his application.—*Burlington Times.*

FELTON MARKET.—Just received, a nice lot Dried Beef, Sugar Cured Hams, Bologna Sausage, Sweet Potatoes, Tomatoes, Peas, Peaches, Water Melons and Musk Melons. dt-94.

WHAT MAKES YOUR HAIR SO BEAUTIFUL? MRS. S. A. ALLEN'S IMPROVED (new style) HAIR RESTORER OR DRESSING, (in one bottle.) Price One Dollar. Every Druggist sells it.

Severe pain will not get out of fashion yet for a long time, and so long, people will need a good remedy—Renne's Pain Killing Magic Oil is just what the people need, to cure headache, rheumatic, neuralgic, and other painful complaints. d&w

MUSICAL INSTRUMENTS.—The piano forte has long been the popular home and concert instrument, yet in point of swelling and sustaining the tones is extremely defective. On account of this deficiency, music written in chords, or in a connected style, cannot be satisfactorily executed, as the long notes result in diminuendos where they should be sustained. The taste of the Organ and orchestral style of music will supersede the present piano compositions. There are no instruments capable of such fine expressions in this style of music as the AMERICAN ORGANS, manufactured by Messrs. S. D. & H. W. Smith, of Boston. Their delicacy and variety in the voicing renders them susceptible of beautiful orchestral effects, by the skillful use of the tremolo and the improved knee swell while the deep manual sub-bass which is added to the new styles, gives the closest resemblance to the pipe organ.—*Boston Journal.* caw

BURLINGTON BUSINESS COLLEGE.—The fall term of this College will open October 5th, and continue in session during the year. Our readers will remember that this institution is to be a consolidation of the Bryant and Stratton College at Burlington and the Vermont Commercial College at St. Albans, under the instruction of J. H. Lunsley as proprietor. The new college will open with excellent facilities for young men and young ladies to gain a thorough business education. The rooms are being refitted and renovated, with a view to comfort and convenience. Prof. S. M. Pratt, of the St. Albans College will be one of the instructors.

IRON IN THE BLOOD.—When the blood is well supplied with its iron element, we feel vigorous and full of animation. Is an insufficiency of this vital element that makes us feel weak and worn; all such, by taking the Peruvian Syrup, (a proteo de Iron) can supply this deficiency, and will be wonderfully invigorated. w

Bogus certificates, manufactured to order, are often published in praise of some worthless hair preparation. "Barrett's Vegetable Hair Restorative" does not need to resort to such means, for its merits are too well known and appreciated.—*N. Y. Sunday Dispatch.* d&w

A busy man is a locomotive, and life a track. Every night he drives into "the house," and stops. Every morning he is fired up anew, and away he goes switching off in one direction and then in another. In this routine of business he forgets that the physical organization is of the most delicate kind. If a hard iron locomotive needs constant care, and to be well oiled up and rubbed off every day, how much more necessary is it that all men and women should use PLANTATION BITTERS, which are the *non plus ultra* of everything which is necessary to keep the system in a perfect tone of health. w

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

EDSON SLAYTON.

Health, Luxury, and Economy,

MAY BE SECURED BY HAVING YOUR

FEATHER BEDS RENOVATED.

THIS is done by a Steam Process, patented Aug. 6th, 1867, and not only makes them clean and who some, while preserving softness, but removes each line from its matted condition, increasing the bulk of the bed of cottons one-half, thereby rendering them more luxurious. In fact it is everything essential to old or new FEATHER BEDS.

Destroying all noxious, or liability to them, removing all disagreeable scent, (common among new feathers,) and all gummy and glutinous substance from the quills; thereby preserving them from the effects of long usage.

We would, therefore, say to the owners of this place that we are among them for a few days, to render them an essential benefit. Our facilities are such that, upon being ordered to do so, we can take and return beds the same day, well renovated and ready for immediate use, for 22 per cent, including pillow and bolster, if suitable to run with the bed.

Now give us your best or poorest, new or old, provided they are Goose or Duck Feathers. We warrant a satisfaction or no charge. County and Town Rates for so.
